Skills: Full-Stack Development | Web-Development | Java Development | Team Leadership | Agile Methodology
Languages: Python | Java | JavaScript | TypeScript | Rust | GoLang | ReactFlow | Flowbite
Framework & Libraries: ReactJS | Spring Boot | GraphQL | RestAPIs
Databases: MySQL | MongoDB
Tools & DevOps: Git | AWS | Docker | Kubernetes

Languages

- English (Fluent)
- French (Beginner - Actively Improving)

Work Experience

AICA

Switzerland

Frontend Engineer

Mar 2025 – Present

ReactJS | Flowbite | TypeScript | GraphQL | MongoDB | Docker | GoLang | NodeJS | Rest APIs

- Built AICA's frontend architecture and UI using ReactJS, TypeScript, and Flowbite, including new interfaces, animations, and reusable components.
- Contributed to backend APIs and Go middleware to support frontend integration and robotics-related workflows.
- Reviewed pull requests and wrote test cases/test suites to improve code quality and application reliability.

EPFL (École Polytechnique Fédérale de Lausanne)

Switzerland

Senior Full Stack Developer

Mar 2024 – Feb 2025

Python | ReactJS | TypeScript | GraphQL | MongoDB | Docker | AWS | Rust | NodeJS | MySQL | Rest APIs | Helm Charts

- Designed and deployed AWS-based data infrastructure for GBDI, improving data processing speed by 30%.
- Built ReactJS applications and APIs for GBDI's platform, improving usability, performance, and overall system efficiency by 20%.

IBM

Pakistan

Lead Full Stack Developer

Jul 2022 – Nov 2023

ReactJS | Java | Spring Boot | Python | MySQL | Kafka | Docker | NodeJS | Jira | Rest APIs | AWS

- Led the development of microservices architecture, reducing deployment time by 75%.
- Designed and executed CI/CD pipelines for containerized applications on AWS, resulting in a significant increase in delivery speed.

Shanghai Zixel

Pakistan

Full Stack Developer

Apr 2022 – Jul 2022

Java | Spring Boot | MySQL | Python | Jira | Restful APIs | AngularJS

- Developed microservices-based applications, reducing response time by 40%.
- Transformed server-side architecture with cutting-edge technologies including Spring Boot and MySQL.

Think Vision

Pakistan

Full Stack Developer

Sep 2020 – Mar 2022

ReactJS | NodeJS | React Native | Firebase | Flask | Python | Git | Jira | Spring Boot

- Designed and developed a ReactJS website integrated with a mobile app, achieving real-time notifications via a linked database.
- Built and deployed a microservice on Kubernetes, improving monitoring and updates by 20%.

Education

National University of Computer and Emerging Sciences – FAST

Islamabad, Pakistan

Bachelor in Computer Science

2018 - 2022

Certifications
